STATUE TO ANDERSON.

Bill Introduced by Senator Burnham Appropriates \$50,000.

The erection of a statue of Gen. Robert Anderson in one of the federal parks in the National Capital is proposed in a bill which Senator Burnham of New Hampshire has introduced.

In charge of the selection of a site and the erection of the memorial is a commission composed of the chairmen of the Senate and House committees on the Library and the Secretary of War.

An appropriation of \$50,000 for the statue is authorized.

ALEXANDRIA AFFAIRS

State's Claim in Defunct Bank Case Is Paid in Full.
OTHERS GET ONLY A FIFTH

Dividend Checks Sent Out by the Receivers—City's Water Supply Is Low.

Special Correspondence of The Star.

ALEXANDRIA, Va., August 1, 1911. A check for \$20,032.52, which pays the interest and costs in the case, was this afternoon turned over to the state auditor in Richmond, Va., by Commonwealth Attorney Samuel G. Brent of this city, thereby satisfying the judgment and wiping out the claim of the Commonwealth against Thomas W. Robinson, treasurer of this city. Mr. Brent received the check from the receivers of the Virginia Safe Deposit and Trust Corporation, representing the amount, with interest, which had been deposited in the defunct concern by Treasurer Robinson, and which was on deposit at the time of the collapse of the bank.

The principal on deposit amounted to \$18,309.53, while the interest received by the state amounted to \$1,722.99, making the first named total which was turned over to the state auditor.

The state of Virginia, therefore, gets its full amount of interest, while the other depositors do not share as well, getting only 20 per cent on the first dividend, which was received by them today.

Including the amount paid out by the state, the receivers for the concern, Howard W. Smith and J. M. Norton, last night mailed checks aggregating \$108,000, representing 20 per cent of the deposits. Most of the depositors of the concern received their checks this morning, and it is said that no time in having them cashed, as they were not injured by the collapse of the bank.

Since December 28, 1910, which was the time of the collapse of the concern, the receivers have paid out \$400,000 in the city, and the total number sent out was 6,000, representing the number of depositors in the central and branch banks which were scattered throughout the state.

Water Situation Serious.

The water situation in this city is becoming very serious owing to the protracted drought. The mill race is very low and but little water is being pumped into the reservoir.

Owing to the fact, it is said, that the water pressure is lower than usual just now two apartment houses were today unable to get water to the third and fourth floors.

Two Southern railway locomotives sidetracked each other on the Henry streets at 8:40 o'clock last night, and as a result both were slightly damaged, although no one was injured. The collision engines were No. 1242, which was coming out of the Southern railway yards here, and No. 1271, which was backing from the Potomac yards. At the point where they sidetracked each other there is a switch.

Street Paving Ordinances.

At an adjourned meeting of the board of aldermen last night three ordinances for the paving, with vitrified brick of three squares on Cameron street between Royal and Washington streets, were passed. The roadway will be thirty-seven feet wide and the work will be done when one-half of the property owners on each square pay into the city treasury one-sixth of the cost of same.

The aldermen also passed an ordinance for the paving with vitrified brick of the square on Fairfax street between Prince and Duke streets. The ordinance also provides for the laying of a ten-foot granite sidewalk, the property owners agreeing to pay \$2 a lineal foot for the work, including the sidewalk. This work is to be done under the same provision as other work, and the city's part of the cost will be \$3,000. It is said that all of the property owners are ready to pay their proportion of the cost in order that the work may be started at once.

Common council will in the near future hold a called meeting for the purpose of ratifying the action of the higher board.

Finest for Auto Speeding.

A minimum fine of \$10 was imposed by Justice Thompson on Shelton H. Groves in the police court this morning for exceeding the speed limit with an automobile July 18 last. Groves told the court that he would appeal the case. He admitted that his automobile at the time was going about eleven miles an hour.

The case against Groves was brought following the striking of a colored boy named Milton Brooks. Several witnesses testified that the speed made by Groves attracted their attention. Groves, however, testified that in passing a corner he reduced his speed to six miles an hour, and when he struck the boy the machine was going about ten miles an hour. He also added that he sounded his horn before the boy was struck.

Dog Catcher at Work.

The dog wagon started out at midnight last night, and the official catcher worked up to 6 o'clock this morning, during which time six luckless dogs were caught and placed in the city pound, where they will be kept until tomorrow, and if not called for then, will be put to death by being shot in the head.

Arrangements are being made for the seventeenth annual reunion of the survivors of the 43d Battalion, Virginia Cavalry, Army of Northern Virginia, better known as Mosby's men, which will be held at Manassas, Va., October 14 next. A number of Confederate veterans of this city will attend the reunion.

The funeral of Mrs. Margaret Burnett took place at 9:30 o'clock this morning from St. Mary's Catholic Church. The services were conducted by Rev. L. F. Kelly, and burial was in St. Mary's cemetery. Those serving as pallbearers were William Desmond, James Roche, John McKenna, Frederick Garvey, James Garvey and Thomas Hillery.

The meeting of the Retail Merchants' Association which was to have been held last night was adjourned over until the third Tuesday in September, owing to the absence of a quorum.

John Craven, a well known colored cook, died at his home on Pendleton street after a short illness.

William H. Quinn and family are at Atlantic City for the summer.

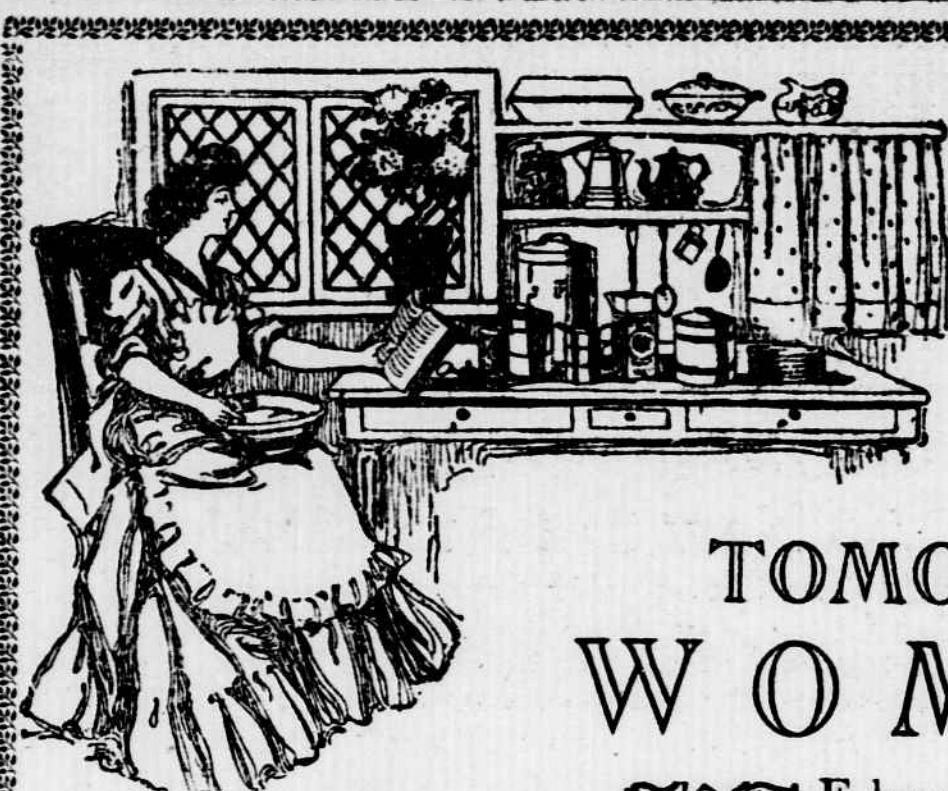

CENSUS BUREAU CUTS FORCE.

One Hundred and Fifty Temporary Clerks Are Dismissed.

The monthly reduction in the number of temporary clerks at the census bureau, mostly from the District of Columbia, Maryland and Virginia, were missing from their desks. The notices of dismissal were sent them ten days ago. The reduction is in line with the policy of sending out the force as fast as the work of the thirteenth census is completed.

About 1,800 temporary employees still are retained in the bureau, with about 650 permanent employees. Of the former, about 600 will be dismissed in groups by January 1, 1912. The remaining 400 will be let out by June 30, 1912, when the report of the thirteenth census should be completed.

Mrs. Sarah E. Harrison, widow of Charles Harrison, died at St. Michaels, Md., Sunday. She was sixty-six years old.

DAINTY COATS FOR BABY

IN CASHMERE AND PIQUE

For the new baby there are the daintiest of short coats of cashmere, pique and lingerie material handsewnly embroidered in white and the most delicate pink and blue. Floral patterns and the familiar empire wreath and blue ruffles, etc., are carried out in the most delicate hand embroidery. With the high-collared coats comes a separate lining of white (china) silk.

For the baby also is a kimono of flowered silk, rosebud garlands on a white ground, with edging of shirred bands of blue satin. Pink is an equally dainty kimono, though less elaborate, the material in this instance being rose-hued silk crepe with a silk cord to tie around the waist.

Baby rattles are now to be had in such variety that every fancy in the way of this plaything may be gratified. There are white, pink and blue rattles, each shape, rattles, balls, etc., some plain others appropriately decorated, the carved ivory specimens naturally being the most expensive.

Carriage straps of patent leather covered with a shirring of satin in blue or pink are equipped with playthings so that the small occupant of the perambulator will not find his or her ride too monotonous.

For the baby there is a rubber doll, a smaller edition of a jointed doll garbed in Japanese fashion, a ring and a ball of Japanese, decorated with garlands of rosettes, the woodwork being painted in pastel hues to match the tints of the roses. The lining is of blue velvet, decorated with garlands of rosettes, the woodwork being painted in pastel hues to match the tints of the roses.
